## MONEY TO LOAN

Private Funds to Loan on Mortgage.

Agent for National Trust Co.

F. VICKERSON, AGENT Lacombe, Alberta

### Something New In Farm Loans

I can place loans on unimproved or slightly improved farm lands in the Lacombe district, if they are of a satisfactory class.

This is the first time that any loan company has taken up this class of security here. It should be of material advantage to many men.

Full information at my office.

## The New Glove Stock

Men's working gloves in many styles and prices; gloves made of soft pliable horsehide—the kind every man likes—because it gives great wear and don't harden or crack, and they are shaped so carefully that they fit quite as comfortably as a dress glove. The illustration shows the gauntlet style. Note the re-inforced parts where greatest strength is necessary; also in wrist length with string fasteners.

Price 1.00, 1.25 & 1.50

### Men's Gauntlet Gloves excellent value at 75c.

The leather is soft and pliable, and will give good service. Sizes 8 to 10. Boys' and youths' horsehide gloves 50 to 90 cents.

## Men's Fine Cashmere Socks 3 pairs for 1.00

And we have never seen their equal at the price; knitted of fine all wool cashmere yarn—not a cotton thread in them—soft, seamless double soles and close-fitting garter tops; sizes 10 to 11. Special value at 3 pairs for \$1.00

### Walk-Over Shoes

The women's wishes are built into "Walk-Over" shoes. The character, so distinguishable in the style. The perfection of fit, so striking even in the extreme models. The leathers, so pleasing in the "feel" of the texture. The superiority, so evident in the shoe making. Every "Walk-Over" shoe acts as a bureau of information for the factory, to the end that you may have your wishes built LET YOUR NEXT PAIR BE "Walk-Overs."

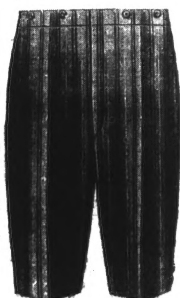

THE "HUNCH" MODEL.  
"WALK-OVERS"  
Patent Vamp, Dull top. \$6.00

## Von Gol Hats

For men who are particular—the styles that city men are wearing—Von Gol hats are sold with a guarantee of satisfaction. The correct new spring shades are new steel, pearl, Campbell brown and Moulton.

Price \$3.00 & \$4.00  
Others at \$1.00 to \$2.00

The Store where Service is Considered Important, We Want Satisfied Customers. Satisfaction Broad and Lasting is Our Policy. Our Guarantee of Money Back if Goods not as represented goes with Every Sale

"The Jackson Knicker"  
LIION BRAND

### Boys' Bloomers

and

### Knickers

75c. to \$1.50

Made with double seats, double knees, double sewn seams, lined all through with strong silena, and sold at prices no higher than ordinary knickers. We keep a big assortment to choose from. Boys come to us when you want an extra pair.

The new spring stock is here.

## \$1.00 Seems No Price at all for such Excellent Quality Flannelette Gowns For Women

Made up of good quality whitelannelette; cut in full, roomy sizes, and considered excellent value at their former price of 1.50. Colors gray and white, sizes 56, 55, 60. Special 1.00

## Printed Linoleums 2 and 4 yards wide Price 45c, 55c, and 60c. a square yard.

And they are all imported "Scotch" linoleums of the very best make; a good variety of floral block matting and wood effects.

## New York Latest Fancy in Womems Muslin Waists

Just now, when the new goods are arriving we have something of special interest to show you every day; every woman loves pretty waists, and the late arrivals show the correct spring styles—just as dainty as they can be—one of the new features is the set-in kimono sleeve, but we have so many lovely styles that we won't attempt to describe them—you must see them.

## New Styles in Women's HAND BAGS

Thirty-five bags, and no two alike. They represent all that is new in hand bags. Think of it ladies, an opportunity to choose from 35 styles and know that each style is absolutely correct! Velvets, suedes, and silk and lace bags in strap and cord handles. In brown, green, black, navy, purple, tan, white and grey.

Price \$1.00 to \$4.00

## Prettier Than A Picture

The result of years of Empress shoe making experience is now on display in our store—and they are worth looking at even if you don't wish to buy. Every one of them prettier than a picture.

Empress  
Shoes

The illustration is one of the new models. Vamp just short enough to please the most fastidious high toes, and best of good height which treads very evenly

# THE CLIVE REPORTER

Published Under the Auspices of the Clive Board of Trade

## The News of the Village

Mrs. McNeil returned last week from a three weeks' visit to Carstairs and Calgary.

Mrs. Edwin Connell, of Pleasant Valley, is still seriously ill with bronchitis.

Mrs. Perry and family arrived last week from Wainwright and Mr. Perry is on the way at present from Cranbrook, B. C.

Mr. Lowery and family have arrived in town to become, we understand, permanent residents of the village.

A run-away accident happened here on Sunday. As a result Miss Morical is suffering from what appears to be a fractured collar bone.

Mr. Fred Fisher's family are suffering from a severe cold, nearly all the members of the household being taken down at once.

Rev. E. Newman, of Rimby will assist the pastor of the Methodist church at Clive in special evangelistic services next week.

Mrs. E. B. Proctor's sale was fairly well attended on Saturday last. Good prices were realized for the stock and implements.

Mr. E. B. Hill who has been visiting here and renewing old acquaintances, left this week for Vancouver. As he still holds on to his real estate here, we look forward to seeing his pleasant countenance among us again.

Mrs. Gill, daughter of Mr. and Mrs. J. T. Reynolds, who underwent a serious surgical operation a few weeks ago at Stettler, is improving rapidly and will soon visit at home for a short time.

Mr. Eric Westling happened with a somewhat severe accident last week. His fingers unwittingly came into contact with a circular saw. He is at present in Lacombe hospital, having suffered the loss of three fingers.

Rev. F. W. Locke preached very acceptably at the anniversary services held in the Methodist church on Sunday last.

The congregations were good. The contributions were likewise paying off the last instalment of debt upon the church building.

The Village Council met a week ago and agreed to accept the offer of the C. P. R. Company to supply water for fire protection in the village.

We are allowed to connect the hose with the pipe in their water tank, and secure a supply of water to be used only in case of actual need.

The matter of public health was also discussed and some action will be taken.

The entertainment on Monday evening in the Methodist church was fairly well attended.

Twenty-five dollars were realized. Miss Dolman, of Red Deer, was very acceptable in her vocal soloist work.

Mrs. Wilson also rendered her solo very sweetly. The special addresses by Rev. F. W. Locke, O. Creighton and R. Little were bright and interesting.

The choir gave three choruses, Miss Cooper, of Lacombe as soloist. The evening closed with the National Anthem.

Mr. John Maurer shipped out two of his prize-winning Jersey hogs on Wednesday last, one being sent to Stettler and the other south.

Two weeks ago he also sent three to Vulcan. Mr. Maurer, it will be remembered, practically swept everything in his exhibits last year at Calgary and Edmonton fairs.

He won almost all the first prizes for this famous breed of swine. He is determined to keep his herd up to the highest standard for he has since shipped from the east four head of high grade stock, two arriving this week. These were purchased at a good figure. The result is shown in the constant demand for animals from his herd. These are sent to various parts of the province.

The problem of increased it pays.

school accommodation has been troubling the School Board here for some weeks past. The problem at present is how to put fifty or sixty pupils into seating space designed for thirty-two. They have agreed it cannot be done. The property known as the Creamery Building is to be fitted up in one part and used for school purposes. Apparatus necessary has been sent for, and it is thought that by the middle of the month the second department will be opened. All the pupils of the village will attend there up to grade IV. Above that grade they will be in charge of Mr. McNally at the present quarters. It is confidently expected that when the school re-opens in August the new brick building will be ready for occupation.

LOCAL OPTION  
What is in a name? So long have these words been associated with a very limited area of prohibited territory that some find it difficult to dissociate old ideas from the word. Prohibition in one township and license in the next; one town under local option and the next running open, has not been the most favorable condition under which to study local option. Abuses very grave have crept in under such conditions, yet we are far from thinking that local option under such circumstances can not be made to bear beneficial effects. But the local option we are discussing in Alta. is taken in areas as large as some whole states and can in such a large area be made much more effective. There is no reason why it cannot be made beneficial to the area under such control except the will of the people themselves.

MIXED FARMING  
The western farmer is getting a great deal of advice these days in regard to the handling of the grain crop. As a remedy for the car shortage he is advised to grow less grain. Another solution is to go into mixed farming and feed more of the surplus grain to the stock.

We believe it to be the duty of the railway companies who have received such large public grants and the pledge of the government credit to their undertakings to provide railway accommodation for the people. As yet the public feel they have done more for the railways than they have done for the people. It is not for them to suggest to the farmer how he could get along with fewer cars for transportation, that is, fewer demands upon them.

The farmer has the right to choose his own style of farming and the companies to supply his wants.

Nevertheless the advice about mixed farming is worthy of consideration. From another standpoint—the farmer's own interests.

Soil is the credit of the farm. It is folly to draw too heavily upon the credit even in the naturally fertile prairie ground.

The history of growing grain exclusively from the soil year after year where it has been adapted for any length of time as in some parts of Manitoba and the Northern States, shows some dire results.

It is a long and difficult task to restore that fertility when once it has been taken away. On the other hand we find prairie farms just as prolific today as they were sixty years ago, because mixed farming has been the rule upon them. That method conserves, as far as possible, by leaving upon the farm the rough material, and sending out in concentrated form its product. Some of the best farmers we have met in the west regularly and systematically used old manure upon their land. Those who have applied it intelligently say that

It will be readily granted by all that with the high price of stock of all kinds and the low price of grain at the present time that it pays the farmer to feed as much as possible. He doubles, and more than doubles, sometimes the price of his grain in so doing.

Another reason, and one that will appeal readily to the Alberta farmer is, it is unwise to "put all your eggs into one basket." This country is subject to hail storms; it always will be. It is subject to frost in some seasons. This tendency will lessen year by year as more ground is broken up and the whole country becomes warmer. When you see your whole grain crop beaten into the ground or frosted so as to make it unsalable at the best prices, it delights the eye wonderfully to look upon your growing herd of cattle or bunch of horses. Where the grain is only spoiled for market, it can be used to great advantage and good profit in the hog and poultry yard.

Great profits have been made out of grain growing exclusively by and some great failures too, but the mixed farming proposition has to its credit the largest percentage of successful farmers. It may be difficult for the man without capital to do anything else for a few years than grow grain, but he will consult his own interests and the interests of his land if he will switch over on the mixed farming plan as soon as possible.

CHURCH UNION  
The proposed union between the Methodist and Presbyterian Churches has been much discussed of late. The vote is proceeding pretty evenly, showing marked differences in different localities, but generally showing a favorable verdict.

It is exceedingly difficult for some people, almost impossible for others, to view the question free from prejudice. Some approach the issue from the standpoint "what would be the best for my particular denomination?" Others view it from the broader outlook, "what would be the best for Christianity as a whole?" The answer is very often determined by the view point.

The change is the most radical yet proposed in church unity. It is only natural that some minds cannot adjust themselves as quickly as the mass moves. It is now nine years since the question was first mooted, and the majority of Canadians are familiar enough with it. It is not surprising to find that those who have arrived in Canada lately and are new to the question should fail to immediately fall in with its spirit. Whether the movement carries now or not it is certain that it will in the future. It is better that it take place slowly than be hurried along too fast for conservative minds. These latter might be provoked into active hostility by practical action, and if they were given more time for consideration would quietly acquiesce as time points strongly in its desirability. One thing is certain, in nine months, interest at 8 per cent, secured by joint bankable notes.

THE FIRST TIME OFFERED FOR SALE IN THIS COUNTRY  
Mabel, Nature's Scap To me, removes dandruff and prevents falling of the hair. Has a record for growing hair 95% more out of one hundred. Each package contains a packet of Mabel's Dry Shampoo Powder. UNRESERVED AUCTION SALE

TROCHU VALLEY, TROCHU

35 miles east of Olds, and 28 Miles east of Acme

Wednesday, March 13, 1912

Instructed by Mr. Hugh Stewart, who is leaving for the Coast, I will sell the following:

100 Heavy Clyde Mares and Geldings  
All broke. 1 4-year-old Clyde stud, sire the famous "Macqueen," dam by "Maagregor" (Imp.).

The Horses Comprise:—Well matched teams of mares, weighing from 2800 to 3400 lbs. Forty head of 3 to 5-year-olds, average weight 1400 lbs. Eighteen 2-year-olds. Balances yearlings and suckers.

The above bunch of Clyde mares is one of the best ever offered for sale in Alberta, Stewart having such good registered Clyde studs as "Captain" McGregor, by "Prince of Wales" and "Queen's Choice" by "Macqueen." They are full of Prince of Wales blood, the best Clyde stallion that ever lived in the Old Country; he was champion in Scotland thirteen years in succession. 95 per cent of the mares by his present horse, "Queen's Choice," are in colts.

"Queen's Choice" is a beautiful bay horse, 4 years old, standing 17.3 high, and weighs 1850 lbs., is one of the best bred horses in Canada, his sire being the champion horse of America, "Macqueen" and his dam traces back to Scotland's sensational horse "Maagregor," never beaten in the Old Country.

All Mr. Stewart's horses are halter broke, and everything over 2 years old is well broke.

Cattle—3 milk cows, 3 fat hogs, 75 chickens, all farm implements, household furniture, 3000 bushels oats, 400 bushels barley.

I will also offer the N.W. 1/4 of Sec. 10, Twp. 33, Rge. 24, W. 4th, belonging to Mr. Stewart with the following improvements:

House 30 x 34, barn 36 x 50, loft over same, holds 25 tons hay; granary 16 x 20, cow stables 16 x 28. Implement shed 16 x 28, chicken coop 16 x 28 fenced hog pasture.

The above quarter section is all fenced and cross fenced with 100 acres broken and 40 acres in summer fallow, good water pump with windmill that will water 200 head of stock. This quarter is three miles from Trochu and the steel is laid 12 miles of Trochu.

Intending purchasers going north should join the train from Calgary at 8 a.m. on the 12th March, where I have arranged for rigs to take in intending purchasers to Trochu and where sleeping accommodation has also been arranged for.

UNRESERVED AUCTION SALE

FRIDAY, MARCH 8th, 1912

at 11 o'clock

Instructed by the executors of the late J. S. Huggart, I will sell the undermentioned:

150 HEAD OF HORSES

2 milk cows, and all farm implements. The implements comprise: McCormick binder, two mowers, disc, Seeder, 2 wagons, Bain, Buggy, Drag harrow, Deering hay rake, 2 sets heavy harness, set driving harness, etc., etc.

The horses comprise:—Carload lots of mares. Carload lots of geldings. Carload lots of two-year-olds. Carload lots of suckers.

ALSO WELL MATCHED TEAMS OF MARES AND GELDINGS

1 registered Clyde stud "Baron Cupid" (Imp) G'Sire "Baron's Pride". This is an exceptionally fine colt and well worth looking after.

2 MILCH COWS (Close in). The above horses are an exceptionally good bunch of Clyde breeding, the late Mr. Huggart having used nothing but the best imported studs he could find. Most of the two-year-olds, yearlings and suckers are by that good breeding horse "Royal Blue" a descendant of the famous "Baron's Pride" and "Macquinnon".

Anyone in want of good Clyde horses will do well to attend this sale.

## FARM MACHINERY

### A. C. THOMPSON

Has secured a warehouse in the Winter Building, opposite the Western Globe Office, Barnett Ave., and will open up in a day or two with a full line of Farm Machinery. He makes a specialty of the famous

**John Deere Line, also Universal Gas Tractors,**

the tractor especially adapted for this country, manufactured by the American Abel Co.

Agency for Central Alberta for Ford Automobiles

A stock of repairs will be carried in stock. Call and see his display of everything needed on the farm.

## FARM MACHINERY

### BENTLEY

**The Royal Bank of Canada**  
BENTLEY, ALBERTA  
Sub branch to Lacombe  
Office hours 10 a.m. to 3 p.m.  
S. J. H. DAMRON, Manager

Some very decent weather just now.

Mrs. J. H. Damron arrived home on Wednesday last.

Mr. Chas. Garard, an old friend of the Damrons, arrived with Mrs. Damron from Illinois.

The Florence Nightingale entertainment last Friday night was very well attended and merited the patronage it received. A very good program was presented showing that a lot of preparation was necessary, and the Nightingales are to be congratulated on their success.

Skating parties are the order of the day, and these magnificent nights are much appreciated by the skaters. The Bentley Amateur Dramatic Society is preparing a new program to present in a few weeks time. It will consist of four short farces with a sketch or two, and will no doubt be a good entertainment when ready.

Auctioneer Damron has been compelled to refuse some sales that he had no time to take on as his dates are all taken for a couple of weeks. One sale he had to turn was a good stock sale near Edmonton. He sells at the Ames place, Medicine Valley today.

The vote on Church Union was taken on the Bentley circuit at the following appointments last Sunday: Ramsey Creek, Spruceville and Bentley. Every point voted unanimously in favor of union.

Friday evening next a shadow social at Spruceville. Everybody come.

**BENTLEY BOY SCOUT NEWS**  
The last meeting of the Boy Scout organization was held in the Club Room as usual, the time being spent in various tests. Two more of the boys have passed their second class tests, and a lot of boys have passed their engineers, pathfinders, horsemen, farmers, ambulance, dairymen and others.

**WITTENBURG NEWS**

Mr. Reeves' sale was a big success. Again C. N. Taylor, the Wittenburg auctioneer, has demonstrated his ability by

work in this neighborhood of late. Two families have moved to the neighborhood recently. We can assure them they could not find a better place to settle.

### REV. M. WHITE MAY LEAVE

#### PRESBYTERY OF LACOMBE

This court met in Wetsakville on Wednesday, 17th, a.m. Eleven ministers and four elders were in attendance. Rev. M. White, in the absence of Rev. J. A. James, acted as moderator. The business was principally routine and had to do with home mission matters.

The following were appointed as commissioners to attend the next meeting of the general assembly appointed to be held in Edmonton in June: Rev. M. White and V. C. McLeod, with Messrs J. H. Robinson, Wetsakville; and B. H. Malcolm, Killam, elders.

The following nominations were unanimously made: as moderator of general assembly, Rev. Dr. G. McQueen, D.D., Edmonton; as moderator of Synod, Rev. Wm. Hamilton, Killam; as third professor in Robertson College, Strathcona; Rev. M. White, M.A., B.D., Lacombe; as principal of Manitoba College, Rev. W. D. Reid, B.D., Superintendent of Home Missions in Alberta.

The financial showing for the year, notwithstanding the bad season, was very good. Appointments were made in the various mission fields.

The Home Mission Convener now is Rev. A. M. Dallas, Ponoka.

The Clerk's salary was increased by \$25.

The Presbytery adjourned on Wednesday afternoon.

The next regular meeting was appointed to be held in Stettin in September. The meetings were most harmonious.

## COULD NOT RAISE MY RIGHT ARM

Old Rheumatism, C. E. "For the past 4 years, I have been suffering with Rheumatism. When I read in the paper that GIN PILLS would positively cure rheumatism, I wrote you for a free sample to try. I could not raise my right arm because the swelling pain in my shoulder was not able to drink. After taking a few GIN PILLS, I was able to lift my hand and put it on the top of my head."

I went to the Islands of St. Pierre and Miquelon and met an old fisherman named La Pape. His hands were stiff from Rheumatism and I gave him some GIN PILLS. I met him again in a few days and he told me he could lift his arm, and he had not been able to do for ten years. ADOLPHUS E. MAHER, 50c a box for \$2.50—money back if not satisfied. Sample free if you write National Drug and Chemical Co. of Canada, Limited, Dept. V, Toronto.

**NERVE TONIC, BLOOD AND NERVE TONIC**—An ideal tonic for weak, nervous women. 50c a box. 107

I have 12 head of good Clyde 2 and 3 year olds to sell cheap. H. A. Day.

8 head of horses, a number of cows and hogs, and a large quantity of farm machinery and other articles will be sold without reserve.

Ten months' credit if wanted.

## A. W. LAWSON

Auctioneer

## Don't let repairs eat up your profits

Whether they represent actual cash outlay, or only the time of yourself and your help, repairs are waste just the same. When you make an improvement—no matter how small its cost may be—let it be permanent. Then it is a real investment, something on which you can realize in cash should you decide to sell your property; and something that will pay you constant dividends in convenience, brightness and comfort as long as the farm remains your own.

### Concrete Improvements Are Permanent

They last as long as the very hills themselves. They do not require experts to build them. Their first cost, in most cases, is no more than for inferior materials.

Aren't you interested in the subject of permanent, modern farm improvements?

Then write for the book that describes hundreds of them—

### "WHAT THE FARMER CAN DO WITH CONCRETE"

It isn't a Catalogue. Every one of its 116 handsomely illustrated pages is interesting, and instructive. They tell how to mix concrete, how to place it, and how to cure it. The book was printed to sell for 50 cents, but we have a copy for you, free.

Your name and address on a postal will bring this book TO YOU ABSOLUTELY FREE.

Mail it to: CANADA CEMENT CO., Ltd. NATIONAL BANK BUILDING MONTREAL, P.Q.

## See How we Grow.

In looking back over the past year we have a feeling of gratification and satisfaction. It has been a year of growth—our school enrollment for the year numbering 275. Last year it was 268; the year previous, 249, and the first year 160. This will give you some idea of our phenomenal growth.

At the beginning of this school year we aimed at an enrollment of 400 for the year, an increase over last year of 78. Seven months of the year have already passed and we have enrolled 180 more students than for the corresponding period last year. We are now aiming at a registration of 600, an increase of 238 over last year.

Our typewriter equipment has kept pace with our growth in numbers. There are no schools in Western Canada that have provided as much typewriter instruction as the GARBUTT SCHOOLS. We have half the typewriters in the ten Alberta business schools.

Four years ago we started with a staff of one teacher. Today we have a staff of thirteen. Four years ago we started with one pupil. Today the daily attendance is 276.

Now, why do we mention these evidences of our growth? Simply to show you that it will pay to attend a live school—a school that grows—a school that enjoys the confidence of the public.

### Garbutt Business College

CALGARY

## The Seventh Day Adventists at Didsbury

Didsbury, Feb. 27.—The first and on his release he solicited the subscription of the chief of police, and secured it together with eleven of his associates of the same room.

Mr. Hall reported that the Pacific Press Publishing Association, with headquarters at Mountain View, California, and branch offices in Portland, Ore., and Chicago, Ill., had shipped leaflets and tracts last year to the amount of twenty-two million pages. Quite a portion of these were in Spanish and were used in Mexico, South America and Spain. The total value of sales from this one house—and he said the denomination had twenty-five others—amounted to almost \$400,000 during 1911.

In his stereoscopic lecture Mr. Hall emphasized the close connection between the educational activities of the Seventh-Day Adventists and their publishing interests by showing on the screen a large number of their western schools, among which were the Alberta Academy at Lacombe, and the Mountain Academy at Pitt Meadows, B. C. He stated that these people have two millions of dollars invested in their schools and twenty thousand young people and children in attendance.

As an example of the way these schools were preparing men for the distribution of Gospel literature in foreign countries, he followed, by means of the stereoscope, a number of students who had gone to Mexico, South America, Spain, Korea and China. In this latter country their Chinese interpreter, "Signs of the Times," has a monthly circulation of nearly 40,000 copies and is steadily increasing in spite of the revolution.

A collector working for another mission has recently been beheaded for circulating literature produced by the "foreign devil," but their men have not yet been molested. Pictures of their first Chinese collector were given showing him with pig-tail and native dress with his magazine in his arms. The cover page of their first Korean magazine—"The Three Messengers"—was also shown together with the picture of the young student from the Washington school who produced it and who is now treasurer of the Korean mission. He told of a shipment of Spanish books valued at \$18,000.00 being forwarded to Argentina, S. America for the use of a student from Union College, Nebraska, and a group of native workers whom he had recently trained. This young man had recently been imprisoned through a misunderstanding.

Winter weather roughens and reddens your skin, causing chaps, chills and general discomfort. Try **NA-DRU-CO** Witch Hazel Cream. The creamy ingredients soothe and soften the skin, while the Witch Hazel penetrates and soothes the deeper tissues. Delightful after shaving or washing. 25c a bottle, at your druggist's. NATIONAL DRUG AND CHEMICAL CO. OF CANADA, LIMITED.

five of these workers once found themselves in prison together, and then they conducted a Bible institute for three months. At present all Christians are provided in all their services. The speakers noted that the revolutions are of Divine origin, and predicted better days for Russia and China.

The first session of the Union Conference opened yesterday at 2:30 p.m., with sessions in attendance from Saskatchewan, ten from British Columbia and nearly one hundred from Alberta. After the preliminaries of seating delegates and the appointment of a standing committee, the Union Conference president, Elder H. S. Shaw, from Regina, Sask., read his biennial report showing that the territory of the Union Conference embraces the provinces of British Columbia, Alberta, Saskatchewan, Manitoba and that portion of Manitoba west of Port Arthur. A total area of more than 1,000,000 square miles, or about one-third the size of the United States, with a population of 1,700,000. At the time of its organization in October, 1907, it contained 1000 Seventh-Day Adventists. At the present time this Union has a membership of 1,504, with 16 ordained ministers, and other workers to the total of 27. During these two years the title has increased from \$15,006.01 to \$28,783.08, or a per capita of \$19.13. The ten-cent-a-week funds have increased from \$3,202.58 to \$8,388.04, which is a weekly per capita of 16 1/2 cts. Sabbath School offerings have increased from \$1,414.65 to \$3,630.36.

Chamberlain's Cough Remedy has won its great reputation and extensive sale by its remarkable cures of coughs, colds and croup. It can be depended upon. Try it. Sold by all dealers.

### A RECORD SCHOOL ATTENDANCE

About a year ago we called attention to the wonderful attendance of the pupils in Mary's Bible S. S. near Westinghouse. It was 100 per cent. for nine months of the year 1916, and the latest numbered twelve, aggregating sixty-one minutes. The past year the regularly recorded 100 per cent. for five months, and was 94.37 per cent. for the year.

This school opened Jan. 10th, 1909, with eleven children in attendance, not one of whom had been in school before. The following have not missed one day in these three years: Mabel Canfield, Otto Canfield, Carl Westergaard, Carl Westergaard and Mabel Westergaard. The following attended every day of the year: Harold Westergaard, Elmer Westergaard. The following missed only one day the past two years: Alma Canfield, Ester Canfield and Mittenberger and Amy Mittenberger. Teachers were Miss Dingwall, 1909; Miss O. C. Ringwall, 1910 and 1911.

### An English Chemist Has Discovered How to Grow Hair

In England the ladies have entirely abandoned wearing hair, which is due entirely to this new discovery. It has been proven that Henna leaves contain the ingredient that will positively grow hair. That they contain this long-looked-for article is proven every day.

The Americans are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale. This preparation is called SALVIA, and is being sold with a guarantee to cure dandruff and to grow hair in abundance. Being daintily perfumed, SALVIA makes a most pleasant hair dressing. The Lacombe Drug Co., your druggist, is the first to import this preparation into Lacombe, and a large generous bottle can be purchased for 50c.

### STOVES and RANGES AT WHOLESALE PRICES

## Auction Sale

1 1/2 miles north and 1/2 mile west of Blackfalds.

**Tuesday March 12**

Commencing at 11 o'clock.

Having received instructions from Mr. Hansen, I will sell, at auction, to the highest bidder, without reserve the following property:

### HORSES—6 HEAD

All Percherons 1 dapple grey mare, 6 years old, weight 1450 lbs, in foal. 1 dapple grey mare 4 years old, weight 1400 lbs, in foal. 1 black yearling filly, 1225 lbs., 1 grey yearling filly, 1 grey filly 1 year old, 1175 lbs. 2 stud colts as good as anybody has got.

### CATTLE—6 HEAD

2 milch cows, fresh, 2 yearling steers, 2 calves, 3 good brood sows, blood.

### IMPLEMENTS

Wagon, Mower, rake, harrow, plow, set hob sleighs, good set harness, 34 doz. young hens.

SMALL QUANTITY OF HOUSEHOLD GOODS

Consisting of extension table, heating stove, stand, chairs, dishes, cooking utensils, forks, tools, good axes and numerous other articles.

MR. FRANK STEVENSON WILL ALSO SELL AT THE SAME TIME AND PLACE

1 brown mare, 10 years old, 1300 lbs. 1 bay gelding, 9 years old, 1050 lbs. 1 bay pony, 10 years old. 2 set driving harness. Good buggy. Truck wagon, single harness. Cutter.

### LUNCH AT NOON

TERMS:—All sums of \$20 and under cash; over that amount a credit of 9 months will be given, purchaser to furnish joint bankable note bearing interest at 8 per cent, 5 per cent. discount for cash on sums over \$20. No goods to be removed until settled for.

While we have not a large list for this sale, we have quality to spare, and a pair of the best brood mares in this part of the country. Special attention is also called to the colts which are extra large and are sure to prove a profitable investment for the purchaser. Be sure and keep this date open and attend Mr. Hansen's sale.

L. HANSEN, Owner.

### CONFIDENCE IN CANADA

The Financial News of London, perhaps the leading financial journal in the world, today takes an optimistic view of the future of Canada, and particularly of Western Canada. Speaking of the railway development of the past, and the development proposed, the Financial News believes that this will work great benefits to Canada and the Empire. It says: "It is well to know that there is no slackening of the hands of the railway builders of Canada, and particularly of Western Canada. What railways have done to build up that great British Dominion in North America known as Canada is a tale which has often been told, but perhaps it is better to be told again. It is estimated that during the past fourteen or fifteen years the Canadian Northern Railway has constructed at least a mile per day—that is taking the average of its work during that period. Sir Wilfrid Laurier, the president of this company, has recently announced that \$5,000,000 is to be spent this year alone by his line on railway construction in Western Canada—a pretty big order. Meanwhile the Canadian Pacific and the Grand Trunk Pacific will both be active in this part of the Dominion. It is understood that each of these bodies is prepared to spend some \$4,000,000 on pushing their respective lines throughout the western provinces of Canada and also in British Columbia. This program therefore includes the outlay of some \$13,000,000 on railway making alone in western Canada during the present year.

What this means, not merely to the present development of Canada, but also to that near and bright future which will dawn as soon as the Panama Canal has been opened to international traffic, there is no need to elaborate. Western Canada—by which we understand the three Prairie Provinces of Manitoba, Saskatchewan and Alberta—has been reclaimed from a state of nature, thanks to her almost unrivaled capacity for producing wheat of the finest quality. Already this part of the Empire has shown itself capable of yielding an exportable surplus of 20,000,000 quarters. There seems no reason whatever why these provinces should not raise—and before many years have passed over our heads—some 40,000,000 quarters. The difficulty in making this portion of the Empire the granary of the world lies not in the capacity of the soil—that indeed, provided sufficient labor was obtainable, could doubtless yield sufficient wheat for all Europe—as in the present inadequacy of the means of transport of Western Canada's produce. Vast as is the railway network which the energy and enterprise of Canadian and British financiers have provided, it is not yet equal to the rapid transport of such a crop as the Prairie Provinces grew in 1911, especially when, as was the case last year, the crop happens to be late.

But month by month Canada's great trunk lines are throwing out branches in all parts of the fertile western area, and when the two co-workers of the Canadian Pacific have achieved their ambition of establishing great terminals on the Pacific coast, the work of these eastern railways will be much lightened, because abundant sea transport will then be available for such of the wheat surplus as is harvested in the western districts of Alberta and Saskatchewan. These cargoes and parcels of wheat will find their way to the Pacific and eastwards by means of the Panama Canal, which promises to effect a greater evolution in the world's trade than was caused by the Suez Canal.

### AN ATTRACTION COMING

The musical comedy "Hiram" appears at the Grand Theatre Friday and Saturday, March 9 and 10. It is one of the best musical comedies to come out this season. It is something new and combines musical comedy with pantomime and grand opera. The story is a perfect whole, which, combined with pretty girls, funny comedians, special effects and novel electric effects make it an evening's entertainment which should please the most fastidious. The show will not be compared with any of the small burlesque shows, as it is a strictly moral show to which you can take your mother, sister, sweetheart or children. They claim it is impossible to make an audience laugh until they cry; this is a mighty coincidence with "Hiram." The company generally remain two nights because the business of the second night surpasses the first. People see the show and come again and bring their friends. It is a proven fact that people have been known to come to the show six and seven times when it is possible to do so, there being new things to laugh at at each performance. In two of the scenes in the last act, hardly a word being spoken during the entire scene, the comedy depends entirely on the actors' expressions. To portray their thoughts to the audience. In the table scene it is impossible for any one of the players to speak, as the action and scene is irresistible and ludicrous to the extreme.

The company is composed of ladies and gentlemen, the prices are within reach of everyone, and those who miss it will miss the treat of the theatrical season in Lacombe. Remember the name and when you see it on our bill cards think of these words "It is a good show and I must not miss it."

Coronation sent a hockey team up to Lacombe on Tuesday last to try conclusions with our boys. While the game was a fairly good one, the eastern players were not in our class and the score of 4 to 1 is an indication of a fair crowd present. There was a fair crowd present.

### Noise and Hurry

are the main causes of nervous exhaustion to-day.

More sleep, selected diet, and extra feeding of the exhausted nerve tissues with Lecithin, the form of phosphorus required for nerve repair, is the only cure.

### Asaya-Neutrall

THE NEW REMEDY FOR NERVOUS EXHAUSTION contains Lecithin (concentrated) from thousands of eggs, and makes possible this cure. "Asaya-Neutrall" feeds the nerves, induces sleep, quickens the appetite and digestion, and soon restores full nerve vitality. The beneficial effects are evident almost with the first dose. 14c. bottle, 49 days' treatment, \$1.00. Obtain from the local druggist.

LACOMBE DRUG COMPANY  
Lacombe, Alta.

## LOCAL And GENERAL

Horses for sale—H. A. Day.  
Scouts rally every Wednesday  
at 7 p.m. in the Town Hall

Miss Ada Bond, of Bentley  
left Lacombe on Saturday  
afternoon for Calgary where she  
will visit friends.

Big auction sale at Edmon-  
ton on March 9th, 1912 at  
1:30 o'clock sharp; 60 heavy  
horses—B. F. Bailey.

The date of the Women's  
Christian Temperance Union  
Medal Contest in elocution and  
solo singing will be announced  
next week.

The Toronto Ladies Quartette  
filled the Presbyterian church to  
the doors on Monday night,  
and, in the opinion of those  
who attended, was the best mus-  
ical attraction ever brought to  
Lacombe.

Mrs. Shirley and Mrs. Kerr  
will not receive this month.

The friends of R. E. Foxworth  
will be pleased to learn that he  
is recovering rapidly from his  
recent illness.

Just have 13 head of horses  
left, so if you want to buy  
cheap now is your chance and  
clean me up—H. A. Day.

A meeting of the council of L.  
I. D. 20-W-4 will be held in  
Blackfalds as per adjournment  
on Saturday March 9th, 1912,  
at 1 p.m.

We have an order for a num-  
ber of quarter sections of good  
land, must be cheap and not  
too far from railway. R. H. In-  
glis & Co.—the men that sell  
the earth.

You can say good-bye to  
constipation with a clear con-  
science if you use Chamberlain's  
Tablets. Many have been per-  
manently cured by their use.  
For sale by all dealers.

B. F. Bailey announces that  
he does not want to buy any more  
before leaving in August.

You will miss a snap by not  
seeing these horses. They are  
not culls, they are all good  
 Clyde calls. H. A. Day.

In picture frames we carry a  
well assorted stock, and we are  
always pleased to do your work  
promptly at reasonable cost.  
Morrison & Johnston.

Mr. and Mrs. Andrews, of the  
Blackfalds Valley, wish to thank  
their neighbors for the great  
assistance rendered them after  
their recent serious illness.

A quiet wedding took place  
this morning at the home of  
Ed. J. J. Gregory, one of the  
all timers of the district. Mr.  
Alex Evans, lately of the Globe  
printing staff, and Miss Alice  
Gregory were the contracting  
parties. They left on the  
noon train for Calgary, B. C.,  
where they will make their home.

Wesley Parrott, of Calgary,  
was the guest of Mr. and Mrs.  
B. S. Cameron last week.

We still have a few houses on  
the C. N. R. right-of-way to  
meet the Red Deer Scouts at  
Blackfalds for scouting exer-  
cises.

In the range line we can sup-  
ply you with the best makes of  
malleable ranges sold in Can-  
ada today. See our stock  
Morrison & Johnston.

The dance on Friday night  
last was one of the most suc-  
cessful of the season. About  
forty couples were in attend-  
ance, and to the grand music  
provided by Lynch's orchestra,  
dancing was kept up until three  
o'clock.

**LOANS ON WILD LANDS**  
I am now able to offer loans  
on unimproved and slightly im-  
proved lands in this district—a  
class of security which has not  
hitherto been accepted. Partic-  
ulars on application to  
JOHN McKENTY.

On Saturday next the Lac-  
ombe boys are arranging to  
meet the Red Deer Scouts at  
Blackfalds for scouting exer-  
cises.

The regular monthly meet-  
ing of the Women's Christian Tem-  
perance Union will be held at  
the home of Mrs. F. Vickerson  
on Friday, March 9th, at  
three o'clock.

A demonstration of the Hon-  
an automatic stocking machine  
was given at the John Dene  
warehouses, Winter's barn, on  
Tuesday. It was a most inter-  
esting exhibition, and the ma-  
chine certainly did all that was  
claimed for it. Many of the  
farmers are availing themselves  
of the opportunity to see this  
latest labor saver in action.

There will be two fast hockey  
matches here this week on Fri-  
day and Saturday nights. On  
Friday night Southern Alber-  
ta's fast "Bassano" team will  
meet the local boys, and on  
Saturday night Edmonton's  
an, Clive. See 34-40-24. M68: NER MILLING CO.

strongest aggregation will try  
to conclude here. Both these  
games promise to be fast, and  
there should be a good attend-  
ance.

Children are much more  
likely to contract the contagi-  
ous diseases when they have  
colds. Whooping cough, dip-  
theria, scarlet fever and con-  
sumption are diseases that are  
often contracted when the child  
has a cold. That is why all  
medical authorities say beware  
of colds. For quick cure of  
colds you will find nothing bet-  
ter than Chamberlain's Cough  
Remedy. It can always be de-  
pend upon and is pleasant to  
take. For sale by all dealers.

## THIRTY MILES OF ELECTRIC LINE TO BE BUILT THIS YEAR

It will be welcome news for the thousands of settlers west of Lacombe to learn that the electric railway to Rimbey is an assured fact and that the line will be built this summer. Word from Mr. Strathy to the above effect has been received. He states it was the intention of the railway company to have begun work as soon as spring opened, but owing to the delay in the formation of the trust company who are taking over the road, it will be later in the summer when work is commenced. The company, he states, is now in shape to do business and Mr. Gibson, the Toronto financier who went to England on business connected with the raising of the money, reports success, the capital being subscribed readily. You can safely state that, while owing to the lateness in starting the entire line cannot be completed this year, thirty miles at least will be in operation before the freeze-up next fall, remarked Mr. Strathy. The right-of-way from Lacombe to Rimbey has been practically all secured, station sites selected, and all other preliminary work done. The company has communicated with the town asking what prospects there are of the town selling them their electric light and power plant and giving them a franchise for the supply of light and power to the town. This matter will be taken up as soon as the company make a definite proposition.

## SPRUCEVILLE

The first monthly meeting of the progressive branch of the U. P. A. will be held on the 15 inst., and thereafter on the 2nd Friday of each month. Mr. G. Rodol was a Spruceville visitor last week on his return from the Fatherland. Mr. Rodol thinks now after his trip to Germany that Alberta is good enough for him. Miss Jean Swanson has returned home after a pleasant trip to the Camrose country. A special meeting of the ratepayers of Spruceville School District was held on the 2nd inst., to consider ways and means of obtaining water. It was decided to remove the casing from the old well and drill deeper. Mr. Chas. Dennis is now on a business trip to Edmonton this week. On account of the cold nights was decided to remove the casing from the old well and drill deeper. Mr. Chas. Dennis is now on a business trip to Edmonton this week. On account of the cold nights was decided to remove the casing from the old well and drill deeper.

sides ache come and see him. Admission free. Ladies are reminded to bring boxes. A representative gathering of the residents of the district was held in the Spruceville school house on Wednesday the 28th ult. After listening to an interesting address by Mr. Edwin Carswell of Red Deer on the work being accomplished by the United Farmers of Alberta in political and social lines, it was deemed expedient to join in with the cause. The "Progressive branch" of the U. P. A. was then formed with officers as follows: President—A. E. Drader. Directors—J. J. Kasha, A. Swanson, J. A. Proudfoot, J. B. Crocker, A. Saunders. Secretary—Treas. J. Flack.

## RIMBEY

A baby boy was born to Mr. and Mrs. Wm. Cork on Feb. 19. Mr. and Mrs. R. Donnelly and family have returned home from Nebraska where they went on a visit in December. A pleasant evening was spent at the home of Mr. and Mrs. A. Taggart when a number of friends and neighbors gathered upon an invitation from Mr. Bealey and gave them a pleasant surprise. The evening was spent at cards and music. Luncheon was served during the evening, this part of the entertainment being provided by the ladies in the party. Rev. Newman, Carl Cox and P. W. Rimbey attended a social gathering at the home of Mr. Cumberland of Wittenburg, last Wednesday. The occasion was in honor of Mrs. Cumberland's birthday. B. T. Rimbey made a trip to Lacombe Wednesday returning Thursday. T. A. Liddings was in Calgary last week on business. Mr. I. Coverdale and N. Woody were guests at the home of A. R. Coverdale last week. Miss Ethel Rimbey lost a gold neck chain with pendant attached at the hall a couple of weeks ago and would be pleased if the finder would return same to her. Mr. John Anderson is to have a sale soon and intends leaving here with his family. We are sorry to hear this as Mr. Anderson and family are very much respected by all here, and we can ill afford to part with them. Mr. Ham of Calgary, bought a car load of milk cows from the farmers in this community which he drove to Lacombe on

Monday and will ship them to Calgary where he intends to use them in the dairy business. The price paid for the greater part of these cows was \$50 per head. Max Shibe was here last week looking after business interests. Mrs. Mowbray and family and Mr. and Mrs. H. Cutler were Sunday guests at the home of W. S. Mellis. The Girls' Auxiliary held a very successful meeting at the home of Mrs. Chas. Bowker last Saturday. The number of inquiries which have come to me concerning the burial of one John Jordan, who was found on an island in Gull Lake, not only indicates the trend of public opinion on this matter but shows that by far the greater part of the people of this community have alive within them the sparks which distinguish the civilized man from the savage. Cemeteries have been established both at Bentley and at Rimbey—the one at Rimbey not to exceed seven miles from the place of residence—and it is claimed by those who should know that Mr. Jordan left enough means to provide for him a decent burial, reproduced together with a big program between acts on Sunday, March 23rd, at 8 o'clock precise. The best stuck pump shop in town. If it is a new pump buried promiscuously over our repair you want, we have it. Ask to see our pump shop—Morison & Johnston.

ST. CYPRIAN'S, ANGLICAN Lenten services—Wednesday at 4 for Women. Thursdays at 7 for children. Thursdays at 8 for men. Sunday next—3rd in Lent:—11 a.m. Holy Communion. 12:30 Sunday School. 3 p.m. Confirmation class—open to all. 7 p.m. service and sermon. Good Friday Lenten Service. The slides are now here and are better than any of the kind shown here before. All who are willing to assist in the ringing are asked to meet on Wednesday the 14th at 8 p.m. in the church.

## A GOOD INVESTMENT

There is none better than the photos of your family. Time is uncertain, therefore you should have it done at once. Call and see our family group samples.

B. S. CAMERON Photo Studio, Lacombe, Alta.

## A Real Estate Deal

Is soon finished if you know all about it. Take a map, locate the property, have a well posted man tell you all about it, and after that it's simply detail. This is how cheap you can buy and on what terms.

IT'S EASY FOR US.

to help out as we are so thoroughly posted on properties and values that you don't go wrong buying or selling through us. Our advice is valuable and we help make safe and profitable investments.
